

WHERE TO BUY LASER STUFF

Trotac in Victoria carries a small supply of laser parts. Sadly there is no one in Vancouver that I am aware of.

Intensity Sails – Great source for “training” sails and parts – Not class legal but way cheaper

www.intensitysails.com

Annapolis Performance Sailing – dinghy sailing superstore

www.apsltd.com

Westcoast Sailing – in Portland and as local as it gets. They have used spars and boats for sail as well as gear

www.westcoastsailing.net

HINT: Use Point to Point Parcel in Point Roberts as Shipping Address – saves on customs brokerage.
